Description

Balans probave je mješavina biljaka koje pospješuju rad crijeva. Kamilica i komorač poznati su po svojim umirujućim svojstvima na probavni sistem, dok krkovina potiče probavu i ima blagi diuretski učinak.

Menta olakšava probavne tegobe poput nadutosti, dok kunica može pružiti dodatnu podršku probavnom zdravlju.
